Virtual Spring Camp

APRIL 20-23

Hello Campers!

We hope you find that these activities are interesting, challenging, and will be something to talk about with your friends or family. We're going to try cool experiments, check out the great outdoors, and use our resources wisely.

Virtual Spring Camp goes a little like this: Each day campers will participate in various “camp” activities designed to earn badges and keep them active during the extended school break. We will post camp activities on our social media that the girls can do at home using supplies that may be readily available to them. We encourage you to share your virtual spring camp experience and activities on social media with the hashtag #gsoutdoors. At the end of camp, girls will be eligible to order a Virtual Spring Camp patch. All activities can be scaled up or down to accommodate younger and older girls.

Who's ready? Let's do this!

Virtual Spring Camp

DAY 3

MAIL CALL

Instead of receiving mail, try sending some out. Write a letter to someone in your family who lives too far to visit. Be sure to tell them what you like best about them. (Cadette-Science of Happiness)

ACTIVITY CENTER

Try a scavenger hunt with your family. Here's a short list of things to find but be sure to add more of your own: A yellow flower, an American flag, a swing, a pool noodle, a basketball hoop, a bug and a fire hydrant. (Brownie - Making Games)

CAMPSITE TIME

An important part of Girl Scouting is building a camp shelter. Now is a great time to practice those skills by building a simple shelter in your house. Try making a blanket fort in your bedroom or in your living room. With your parent's permission you can even try having a campout in your shelter. (Daisy-Buddy Camper, Brownie- Cabin Camper, Junior- Eco- Camper, Cadette- Primitive Camper) Here's a [quick video](#) on how to make a blanket fort.

WHOLE CAMP ACTIVITY

Find out about your fellow campers. Ask your family to tell you their favorite story from when they were a kid. Find out where your family is from and make a family tree. Find an object that means something to your family and have them tell a story about it. (Brownie-My Family History complete)
