SYSTEM ACCESS

eBudde™ is part of the Little Brownie Cookie Tech Portal. This new system allows for easier access to all Little Brownie Tech tools. No longer are there default passwords. You will be asked to create a new password the first time you log in. You can now get to eBudde™ from two ways – <https://ebudde.littlebrownie.com> or <https://cookieportal.littlebrownie.com>

Each user will get a welcome email from eBudde™ that has a unique link for logging into the system for the first

The process for gaining access is:

1. User receives “welcome email” with login link
2. Click on the link
3. At the password screen, enter and confirm personal password
4. At the profile screen, enter same personal password that you used in Step 3. Also review/enter all additional information
5. Enter Little Brownie Cookie Tech Portal system
6. Confirm account update via email link

Details of the steps and screen shots are included below.

Step One - User receives “welcome email” with login link

Search – This allows you to search for a girl or volunteer in your council.

Log Out – This allows you to log out of the system.

TROOP TABS

eBudde™ provides a variety of features for troops to track their cookie sale information. Your council will specify which features you will need to use. Some screens may look a little different as your council can tailor eBudde™ to meet your needs. In addition, some tabs may not be available to you as well.

Dashboard	Contacts	Settings	Girls	Init. Order	Delivery	Girl Orders	Transactions	Txn Pickups	Cookie Exch	Rewards	Booth Sales	Payments	GOC Org	Sales Report	Reports	Help Center
-----------	----------	----------	-------	-------------	----------	-------------	--------------	-------------	-------------	---------	-------------	----------	---------	--------------	---------	-------------

Dashboard – Default screen that shows important messages, calendar, checklist and dates

Contacts – Allows you to edit your contact information. This includes name, address and phone number. This **DOES NOT** include changing the email address. That must be done from the login screen.

Settings – This allows you to change the number of girls selling, registered, program age level, rewards option, banking information as specified by your council. You can also add additional troop contacts.

Girls – This allows you to enter girl names, grade, id and goal information

Init. Order – This option is for entering your troop initial cookie order

Delivery – This option is for selection of delivery site (if applicable) and a printout of cookies order, delivery site, and pick-up time (if applicable)

Girl Orders - Track girl initial, booth and additional orders and payments

Transactions – List all cookie transactions, initial order, cupboard pickups, and troop-to-troop transactions.

Txn. Pickups – this tab allows you to confirm cupboard pickup if cupboard is using contactless pickup.

Cookie Exchange – Post that you have available cookies by variety and see what is available from others.

Rewards – Troop reward ordering

Booth Sales – (Optional) This option allows you to select council booth sale sites and/or request a troop booth sale site.

Payments – Troop payment to council recording

GOC Org. – (Optional) This option allows you to record troop donation organizations.

Sales Report – Recap of all troop information. Initial order, additional cookies, troop profit, payments and submitting total Gift of Caring numbers (if applicable)

Reports – A variety of reports are available for your use.

Help Center – The new Help Center will provide you additional information on the eBudde system.

Dashboard Tab

The dashboard tab is the screen you will see every time you log into eBudde™. You can print the information on the tab if needed for reference. It will show you any important messages from your council and/or your service unit.

It also shows you a calendar of dates. These dates are important because they inform you of when you can start doing data entry and when you need to complete certain functions in the system. In addition, your council can add their own dates to the system.

On the dashboard there is a troop checklist for tracking your activity. This will include the standard eBudde™ items and council-specific items. Some of the items will be checked off and some items are recommended activity. The checklist may vary depending on your council setup. Items that will be checked off include entering girls, cookie initial order, choosing a delivery station/time (if applicable), reward initial order (if applicable), and reward final order.

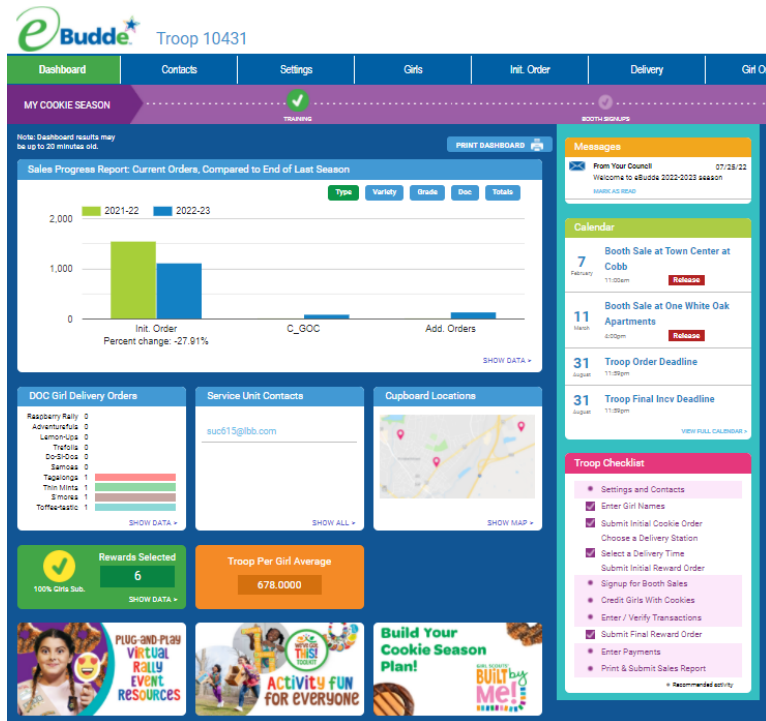

Your troop's upcoming Booth sales will display on the dashboard. The service unit contacts will list on the dashboard

The Girl Delivery orders will only show if you are a Digital Order Card council that does girl delivery. If you are a Digital Order Card council that does not have girl delivery orders, it will list as none.

There are also additional dashlets of information handy to see your progress against last season and throughout the current season,

There will also be resource links that will change throughout the season for your reference.

Timeline

The timeline is set up by your council to let you know what needs to be done when and when that period has passed. This is an example only as council can create a customized version just for troops.

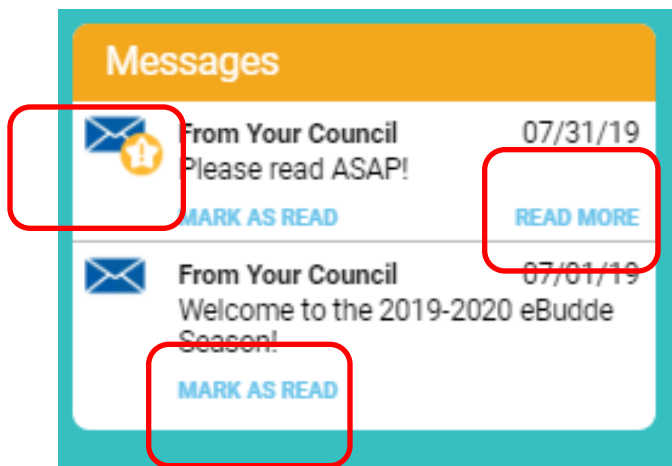

Dashboard Header

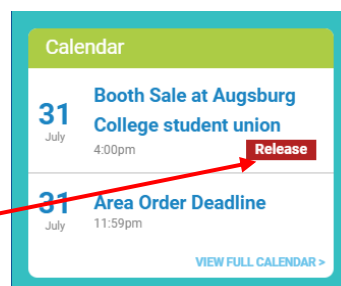

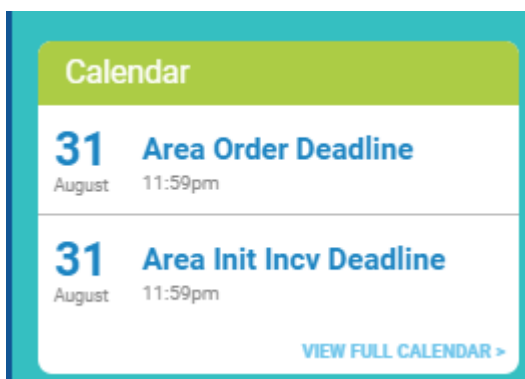

You can print your dashboard items by clicking the print dashboard button. Also note that the dashboard refreshes every 20 minutes. So if you have made a change, you may have to wait 20 minutes before the dashboard updates.

Dashboard Side Pane – Right Side

You now will have notification messages from your service unit/council that are dates, prioritized and can be marked read. A priority message will have a star next to the envelope. If there is a longer message, there will be a [Read More](#) link to read the entire message. The service unit/council will now be able to have multiple messages if necessary. All read messages will fall to the bottom.

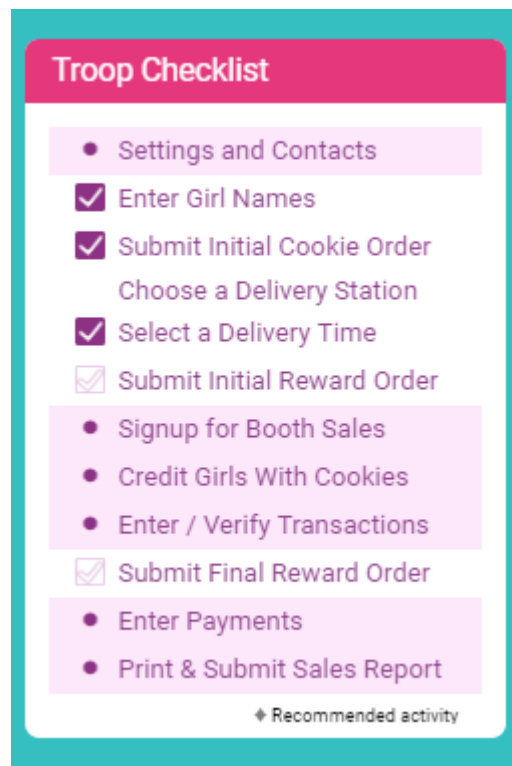

The dashboard will display upcoming dates. If you need to see a full calendar, you can click **View Full Calendar**. It will display in another browser window a monthly calendar.

You can now release a booth site that you can no longer attend from the calendar on the dashboard.

The dashboard will display a checklist of items that you will need to do. Some items will get checked once you complete them like submitting your initial order. Others are just for your reference.

Dashboard Data

What data you see on your dashboard and the layout of your dashboard is dependent your council setting it up. All troops see the same layout which will include current statistics and comparison with previous season statistics.

The example below shows what you may see – Order sales totals (now called Sales Progress Report: Current Orders, Compared to End of Last Season) for Type of order, orders by program age level, orders by grade and if your council participates in Digital Cookie, orders by Digital Cookie type. In addition, you will be able to see, rewards statistics, service unit contacts, cupboard locations and links for additional resources. There is a new infographic this season

to show Troop PGA (Per Girl Average). These links will change throughout the season to give you resources that apply to your timeline.

The first contact, Cindy Wright, has a "Jump2" button. The second contact, Becky Harrigan, has "Jump2 Mobile", "Edit", and "Remove" buttons. The third contact, another Troop Cookie Chair, has a "Jump2" button. The contact information for the third contact is partially obscured by a red box.

Confidential and Proprietary

eBudde displays the number of seasons that a contact has been in eBudde.

The system will open up the email page. You are now able to email individual girl caregivers or all caregivers. The system shows you the information you need to send the email. This is an email blast and there is no way for the caregiver to reply to you from this email as eBudde does not have an inbox. Emails are outgoing only.

Caregiver E-mail:

Calling all cookie communicators!

Please help us keep the eBudde™ system humming by using the best tool for the communication job:

1. For basic information such as policies and procedures, post files on your council's section of the VIP eTraining system. Volunteers can access them again and again without bogging down the system.
2. For alerts and timely reminders, use eBudde's™ in-system messaging. Now you can upload your file and the link will be sent to recipients. The attachment link will expire 45 days from the day of upload.

Remember "Caregiver email" is provided as a convenience to broadcast information to the caregivers for your girls. Unlike the "Notices" system, email messages will only go out once per "send". Recipients will not be able to reply to this email.

When you use the best tool for the communication job, you help keep eBudde™ quick and lively for everyone. Thanks!

The system will display a screen with instructions and email limitations. There is no replying of email in eBudde™. You can send one or more attachments with your email as long as the total size does not exceed 5 MB.

To ensure that your recipients receive this email you may want to inform them to specify in their email system to allow the following email address as an allowable sender: do_not_reply@littlebrowniebakers.com

NOTE: If you add attachments, eBudde™ will not send attachments via email. eBudde™ will upload your attachments and send a link to the attachments via email to your selection. The links will be active for 45 days from date sent.

You will need to check the CAPTCHA box to send the email.

This emailing system allows messages in plain text and in html. The HTML allows for additional formatting.

Click Send Email to send the email to the caregivers. Click Cancel to cancel sending the email.

Adding Contacts

You can add contacts on the Contacts Tab. Click the **+Add** button to add a new contact. When you press the button eBudde displays the entry screen. The only field that is required is the email address. The first time the user logs in they will be required to enter the additional information. Digital Cookie requires an email, Global ID, first name and last name.

You will need to select the role using the dropdown. A user can be a troop leader and cookie chair which gives full access to the troop user. There is a view only user that cannot enter data. Also there are two other roles, Troop Booth Recorder Only User and Troop Cookie Pickup Only User. These are very specific, very limited roles meant to allow caregivers to either record a booth sale or pickup cookies at a cupboard. Troop Leaders and Cookie Chair already have this access. DO NOT add yourself into on of these roles or you will lose your leader/cookie chair permissions.

Enter in the contact information.

First name: (Optional) – You can enter in the contact's first name. The contact person once they log in can enter it as well..

Last name: (Optional) – You can enter in the contact's last name. The contact person once they log in can enter it as well..

Email: – Enter the email address of a new troop contact under the appropriate header

Global ID: - Enter the contact Global ID if applicable.

Active – If you enter a new troop contact, mark if you want this user to access the computer web-based software system. Uncheck the box if you do not want this user to access the computer web-based software system.

Receives email – If you enter a new troop contact, mark if you want this user to receive order confirmation emails. Uncheck the box if you do not want this contact to receive order confirmation emails.

Primary? – You may designat a contact as the primary contact in the category. This designation will allow eBudde™ to send primary contact specific emails from council and will be the contact that appear on some of the updated reports.

Add to all seasons? – Allows you to give the contact access to the troop records for previous seasons.

Click **Save** to save the contact. Click **Cancel** to not add the contact.

Special Troop Contacts

There are two troop contacts that may be available, Troop Cookie Pickup Only Users and Troop Booth Sale Recorder Only Users.

If your council uses the eBudde app, you may specify additional cookie-pickup people know as Troop Cookie Pickup Only Users. For example, if you have a parent picking up cookies for you and your council uses the eBudde app, you will need to add this person's email in eBudde™. This user does not have access to anything in eBudde™ except updating their own contact information. Their email and password will be used by the eBudde app to verify that they are allowed to pick up cookies at the cupboard.

NOTE: As a troop leader or troop cookie chair, you are able to pick up cookies. DO NOT add yourself as a troop pickup person or you will LOSE ACCESS to the other tabs in eBudde™.

If your council uses the Booth Sale recording option, you may specify additional booth sale recorders users. If you have an adult in charge of the booth site that is not in eBudde™ and you want them to record the booth site sales, you will need to add them in as a Troop Booth Recorder Only User. This will allow them to record the booth sales on the mobile app and/or in eBudde™. They will also be able to change their contact information in eBudde™. They WILL NOT have access to any of the other troop tabs in eBudde™.

NOTE: As a troop leader or troop cookie chair, you are able to record booth sales. DO NOT add yourself as a troop booth recorder only user or you will LOSE ACCESS to the other tabs in eBudde™.

Initial Order with Digital Cookie Girl Delivery Orders

Your council may allow for Digital Cookie Girl Delivery Orders approved by the parent to be added to your initial order. This is to help parents by including these packages as part of their initial order pickup. This will save you and the parents an additional trip to go get those cookie packages.

Click on the **Init. Order Tab**.

Each girl will have three rows on the page. One is the order card row which allows you to do data entry for the order card order from the girl. The next row is the DOC Girl Del. row which is not editable. These are girl delivery orders, approved by the parent and sent from Digital Cookie to eBudde. These orders match the girl delivery approved orders in Digital Cookie. The last row is a total of the Order Card and DOC Girl Del. rows. These are the cookies that will be distributed to the girl during the initial order delivery.

Initial Order with Digital Cookie Girl Delivery Orders and Parent Initial Order from Digital Cookie

Your council may allow for Digital Cookie Girl Delivery Orders approved by the parent to be added to your initial order. This is to help parents by including these packages as part of their initial order pickup. This will save you and the parents an additional trip to go get those cookie packages.

You are able to see orders that the parents are submitting from the Digital Cookie system. They will need to do this by the parent initial order deadline date at 11:59 p.m. You can see this date/time on the settings tab. You can override the date but not the time.

Click on the **Init. Order Tab.**

Helpful Hints

1. Bring people to help, but remember, people take up room just like cookies, so adjust the number of vehicles accordingly.

2. Every effort will be made to respect your delivery time. But sometimes it's not possible to have everyone pickup at their exact time.

Please be patient. We're all here to have fun and get the cookies!

Contactless Delivery Option

Your council may decide to use a contactless method of delivery. If so, the confirmation form is your key to the success of this method. On the confirmation form you will now find a **PICKUP CODE** that you will need at delivery time.

- Once your order has been fulfilled, the delivery clerk will release the cookies. You **MUST** confirm that you received the cases and you agree on the variety amounts. You will also have the opportunity to ask for help if assistance is needed,

- If you agree with the order, type in a 1 to confirm. This will complete your **CONTACTLESS** delivery pickup. An email will be sent to you with the details of your order by variety to all troop leaders and cookie chairs. If there is an issue with your order, type in a 2 to get help from your delivery clerk. Your council can then help resolve your issue.

In the boxes, key in a comment and the additional cookies using the tab key to move through the columns. You can also enter in a payment at the time of entering in the cookies. If applicable you can check the **INV** box to send the packages/payment to the Digital Cookie system. Click the Booth box if the transaction is for booth cookies. Click the **SAVE** button to save the transaction.

Adding Only Payments

You may add a payment to any available line in a girl record. To enter a payment, click the **+Payment** button. The system will display the payment entry screen. Enter a comment and click the **INV** box (if applicable) to send the payment to the Digital Cookie system. Click the **SAVE** button to save the transaction. You may be allowed to add payments to girl after the season closes if you councils allows.

Once this tab is unavailable, the +Order button will no longer be active but you will still see the +Payment button so you can add payments if allowed by your council.

- **All Orders** displays all records for the girl.
- **IO Recap** displays all orders received from Digital Cookie prior to the troop submitting their initial order and the initial order record as well.
- **Girl Delivery** shows all Digital Cookie girl delivery orders
- **Girl Del. (IO)** shows all Digital Cookie girl delivery orders that are part of the initial order.
- **Girl Del. (after IO)** shows all Digital Cookie girl delivery orders that are part of the additional order period.
- **Inventory Items** displays all transactions marked in the **Inv.** column that will be sent to Digital Cookie for the parent/girl inventory.

Sending Girl Order Information to Digital Cookie

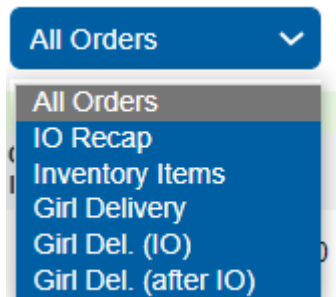

Your council can choose if eBudde will be sending girl order tab information to the parent/girl inventory/financial pages in Digital Cookie. The column is labeled **Inv.** If you check this box, the information on that line will be sent to Digital Cookie to help the parent/girl know that more cookies have been given to her OR payments have been received by her.

So when do you check this box? You check the box only if it is additional cookies being given to the girl for offline orders and for payments for offline orders. You do not send over booth packages/payments as those records are just for the credit to the girl and are not physical packages that the girl is given.

You do not check the box for packages given to fulfill online orders as those orders are already recorded in the Digital Cookie system. If you accidentally check the box, you can uncheck at any time. The information will be sent to Digital Cookie as data entry occurs so it is visible to the parent/girl in real time.

To help you keep track of those records, you can see only records marked in the Inv. column by selecting Inventory Items in the drop down.

When you select Inventory Items, the system will list only the items that marked in the **Inv.** column

The girl orders summary view shows a total row for each girl. Cookies are recorded by variety

Uses DOC – A check mark denotes that the girl has access to the Digital Cooke system

Council GOC – Your council's acronym for the council Gift of Caring

Varieties – Lists each variety

Troop GOC – Your council's acronym for a troop Gift of Caring (if applicable)

Total – Total of cookies sold by the girl.

Total Due – This figure is calculated by taking the total cookies sold and multiplying that by the selling price to the customer.

Paid – This column will display all payments made by the girl to the troop.

Bal Due – This is the balance that is still due from the girl.

FYI GOC – Your council's acronym for a FYI Gift of Caring (if applicable)

There may be additional column(s) for tracking Gift of Caring/Donation programs that are specific to your council.

The system will tell you how many cookies you have ordered through the initial order, cupboard/depot pickups, and/or troop transfers. It will then tell you the difference between what has been allocated to the girls. This will help to ensure that you allocate all the cookies received to your girls.

Girl Totals – This line shows you all the cookies that have been allocated to the girls. Your goal is to match the total number for the girl totals line to the total number for the troop order line.

Troop Order – This line shows you all the cookies the troop has received either via initial order, troop-to-troop transactions, pick-ups from the service unit and/or cupboard. These packages are ultimately what the troop is responsible to pay for. This line will update throughout the cookie sale.

Difference - This line is to help you know if you need to allocate more cookies to girls or if you have over allocated. The goal is that the total column on the Difference row will be 0 by the end of the sale. As you assign cookies to

girls, the girl total line will be updated. As transactions are posted to your troop (see the transaction tab or sales report for details), the troop order line will be updated.

eBudde™ tracks all girls. Girls can now be flagged inactive. If they are flagged inactive they will show up on the **INACTIVE** tab at the bottom of the page. Inactive girls must always have 0 packages sold and no balance due.

GIRL ORDER TAB – OTHER

Girl Order Tab – Lock Transaction Option

Your council may lock the girl transactions so that you cannot over allocate packages. This means that eBudde™ will not allow more packages to be given to the girl than the troop has ordered and/or picked up from the cupboard. If you try to over allocate packages, eBudde™ will give the following message:

Keep this in mind if you as a troop give boxes away. Example: If your troop initial order is 100 packages and you distribute those 100 packages to the girls; you will not get any errors. If you create a troop transaction that moves cookies from your troop to another for 2 boxes, the next time you go to any girl record, you will get the message above. The best practice is to update your girl order tab before you create your transaction to avoid errors.

TROOP TRANSACTIONS

The troop transaction tab is a listing of all cookies ordered, additional cookie pickups, and troop-to-troop transfers (council option) and Digital Cookie shipped cookies. Your council will instruct you on what transactions you are allowed to make. If you do not have an **+Add** button, you are not allowed to do any data entry on the transaction tab.

The screenshot shows the eBudde interface for Troop 10431. The 'Transactions' tab is selected in the top navigation bar. Below the navigation bar, there is a '+Add' button and a 'View Info' checkbox. A message states: 'No transactions match your view choice above. Choose 'All' to see all of your transactions.' Below this message is a table showing transaction status:

Transaction Type	On Hand	Pending (Cup Orders)	After Pending
On Hand	0	0	0
Pending (Cup Orders)	0	0	0
After Pending	0	0	0

The screenshot shows the eBudde interface for Troop 10431 with a detailed transaction list. The 'Transactions' tab is selected. Below the navigation bar, there is a '+Add' button and a 'View Info' checkbox. A dropdown menu is set to 'All'. The transaction list is as follows:

Receipt	Type	Date	2nd Party	Pickup	Line	Adult	Leader	Tro	C-S-D	Sam	Tags	Scout	Unit	Troff	Total

Initial Order Transaction

The initial order transaction will show up once you submit your order to the service unit and they submit to council. It will have receipt # of (Init. Del.) . It will always be locked to changes. If it is not correct, see your council who can adjust appropriately.

Troop transactions from Other Sources

The transactions tab will also list cookie transactions from any other sources that the council has available.

Troop to Troop Transactions

The troop transaction tab is where you can record that you got/gave away cookies to another troop. Only one record needs to be created as it is a two-sided transaction. If the troop giving away the cookies creates the transaction, you will put the other troop as the second party. Once you complete the record by saving, you will see it deducted from your inventory and the other troop will see it added to their inventory. Corrections can only be made on the troop that created the transaction.

Digital Cookie Transactions

Any orders that are shipped to the customer from Digital Cookie will appear here on the transaction tab as the troop gets credit for those packages sold. Payments for those packages will also show on the payment tab as they are paid through the Digital Cookie system. Because there may be many, many orders we have recapped those orders into one row. However you can expand those by checking the **Exp. DOC Orders** button.

☒ **Exp. Doc Orders**

PENDING TROOP ORDERS (OPTIONAL)

Troops can now place pending cookie orders to service units and/or cupboards. You can use the dropdown to see your pending orders. Cupboards may require pending orders to be place a certain time prior to pick up. Example – they can set that the transaction needs to be in 24 hours to the date/time in the pickup option.

Inventory Balances

The inventory balance located at the bottom of the screen is a tool for the troop cookie person to know what cookies they are responsible for.

Date – enter the date of the transaction. The system will default to the current date or the previously keyed date

Receipt - this is a fifteen character alphanumeric field that you may use for reference to the transaction. **NOTE: This box cannot be left blank. eBudde™ will default to an automated number. If you need to key your own receipt number, you can override just by keying in the box. If you key in the box by mistake, click the # button to have eBudde™ create a receipt number for you.** The status of the receipt is determined by councils. Councils can choose to have it totally locked, locked upon saving or open for edits.

Type – Select type of transaction.

Normal – Transaction with no specific designation

Booth – Transaction is for a booth sale

Adjustment – Transaction type for corrections **(This option available at council discretion)**

Return – Transaction for return of cookies **(This option available at council discretion)**

Reorder – Cupboard transaction for additional cookies **(This option available at council discretion)**

Second Party: - this refers to the other party that is getting/giving the cookies. Is the transaction you wish to enter with a cupboard, a service unit or a troop? You would select it by clicking the party you want to transact with. If you click on troop, a box will open for you to put the troop number in. If you click on cupboard, a dropdown will display of all the cupboards you have available to pickup from.

Pickup – You can specify a preferred pickup date and time. The cupboard may require that you select a date and time when the cupboard is open for business. When you select the cupboard the days and hours a cupboard is open will appear under the Hours of Oper. header. This is optional for troop-to-troop transactions

Schedule - Lets you know what days and times the cupboard you selected is open.

Schedule Notes – Lets you know if there is any additional cupboard information you need to know.

Contact Info – This information allows the other party to contact you if needed. eBudde™ will pre-fill this information with your contact information.

Product Movement: You have two options. Remove Product or Add Product - If cookies are being added to your troop, click Add Product. If cookies are being removed from your troop, click Remove product.

Enter the quantities of product in either cases, packages or both. The system will total the information for you so you can verify accuracy.

Additional Info: Lets you know if any varieties are unavailable. The variety data entry box will be greyed out.

Create a Pending Order Request for a Cupboard (Optional)

A troop can create a pending cookie order request for a cupboard on the transaction tab. If your council has this option available, the order is created automatically if the following options are selected on the product transaction form:

Second Party: Cupboard is selected and a cupboard number is entered

Product Movement: Add is selected

Additional Info: Lets you know if any varieties are unavailable. The variety data entry box will be greyed out.

When you click **Save** and the transaction is displayed on the grid under the pending option or all option.

The transaction may be locked immediately or your cupboard will lock the transaction appropriately according to council's process. Your council will advise the locking timing.

If a cupboard has entered their hours of operations in the system, these hours will be viewable under the Schedule section that pops up when you select the cupboard. The cupboard may also have additional notes that will be displayed above the contact information.

A cupboard can also require that the pickup date and time be within the hours of operation. If you try to schedule a pickup time that is not within that timeframe, the system will give you a transaction error message. Cupboards can specify lines which can choose at time of ordering. You will not be able to save the transaction until you enter in a valid date and/or time.

A cupboard can require that there is a deadline for when the orders can be placed in the system for pickup.

TXN. PICKUPS

The Transaction Pickup tab allows for contactless cupboard pickups where you acknowledge that you have picked up the cookies at a cupboard.

The state of the Txn. Pickups tab is dependent on where you are in the process.

The process is as follows:

1. Troop creates a pending order
2. Cupboard releases the order
3. Troop confirms the order

Troop has created the order – Txn Pickup shows:

COOKIE EXCHANGE

The Cookie Exchange allows you to see what cookies other troops have to exchange. It also allows you to post what extra cookies you have to exchange. Your council will determine if the troops you see are council-wide or only within your service unit/area.

When you first go to this tab, you may see all zeros until you and other troops post your transaction. A troop only has one record that you can overwrite as your inventory changes. eBudde™ does not verify the numbers entered by the troops.

eBudde™ now gives you some additional information on the Cookie Exchange page. You also have an easy way to zero out all your quantities – **Remove My Offering** so you can clear out when you no longer have any cookies to exchange. Remember all of the quantities are in PACKAGES.

You can elect if you want to display your phone number to others as a means of contact.

BOOTH SALES

The Booth Sale tab is an optional tab. The use of the Booth Sale Module is determined by the council. A troop can sign up for a council booth site and/or request a troop booth sale as so designated by their council. Troops can also record what was sold and monies collected at a booth sale.

eBudde™ will notify troop contacts of an upcoming booth site daily starting 3 days prior to the booth sale.

Click the Booth Sales tab to use the Booth Sale module.

The screenshot shows the eBudde interface for Troop 12424. At the top is the eBudde logo and the troop name. Below is a navigation bar with tabs: Dashboard, Contacts, Settings, Girls, Init. Order, Delivery, Girl Orders, Transactions, Txn Pickups, Cookie Exch, Rewards, and Booth Sales (which is highlighted in green). Under the Booth Sales tab, the heading "Booth Sales" is displayed. To the right is a "Cookie Calc." button with a calculator icon. Below these are two buttons: "Sign up for a Council Booth" and "Add / Edit a Troop Booth". Underneath is the section "My Booth Sales" with a red dot indicating no items. A yellow message box states: "You haven't signed up for or added any Booth Sales." At the bottom are two buttons: "Email Signups" and "Find Free Slots".

As a council option, troops may be able to delete their request at any time. If the council does not select this option, you can delete your booth ONLY if the request is pending. If your council has not selected the option to allow you to delete your booth request, and you need to have it deleted, contact your council or volunteer.

Ability to delete is at council discretion

Record Sales (Optional)

A troop can record their booth site sales. The troop records total packages sold and then can distribute those packages to the girls. You can record sales for both council sites and troop requested sites.

Click the booth site that you want to record sales against. You will be required to enter the total packages sold at the booth site by variety for the troop. eBudde™ will calculate the monies collected.

Click **Cancel** if you do not want to record the sales. Click **Revert** to revert back the changes. Click **Go to Distribute** to go to the girl distribution screen..

eBudde™ allows you to distribute the cookies among the girls attending the booth site. eBudde™ will assume all girls have attended by checking the box next to their name. If there is a girl that did not attend, uncheck the box next to her name. You can now select all or deselect all by checking the **(De)select all** box

You may key in the packages sold for each girl or let eBudde™ automatically evenly distribute those boxes. If you want it done by eBudde™, be sure the appropriate girls are checked and click the **Distribute** button.

Once you have completed all the data entry, click the **Submit** button. eBudde™ will create a transaction record on the girl order tab for each girl that you have checked.

If you need to make changes, you will not be able to make those changes on the girl order tab, you will need to go to the booth site tab for any changes.

SALES REPORT

The sales report reflects all transactions for the troop in the system. It includes the initial order, any additional orders, payments and the calculation for troop profit, council monies and balance due. Gift of Caring/Donation cookies will automatically populate on the sales report from the girl order tab.

We have now secured the display of the bank account and routing numbers. These numbers will be hashed out as a default. Council can designate specific users that may see the full numbers.

Girl Delivery – Varieties Only – by Girl – (Optional) This report is for councils that are using the girl delivery option in the DOC. This report will print the girl delivery orders, varieties only, no donation. This is to help you to have a recap of those packages that you may need to order on your initial order for DOC and to help you at the end of the sale with DOC reconciliation. There are two parts to the report. A recap by girl and then all the individual orders for each girl.

HELP CENTER

The Help tab provides information on how eBudde works and also includes resources for you throughout the cookie sale. Your council can direct you to the content for council resources. Feel free to explore!

The screenshot shows the eBudde Help Center interface. At the top left is the eBudde logo. To its right is the text "Help Center" and a search bar with a "Search" button. Below the logo is a sidebar menu with the following items: eBudde™ Basics, Managing Your Sale (expanded), Troops (selected), Microburst Training Videos, Menu Bar DOC, Dashboard for DOC, Contacts Tab DOC, Settings Tab, Girls Tab DOC, Initial Order Tab, Delivery Tab, Girl Order Tab in Category Form, Transaction Tab, Rewards Tab, Booth Sales, Deposits, GOC Org Tab, Sales Report, Reports, Digital Cookie, Specialty Cookies, Mobile apps, Manuals, From the Council, and FAQs. The main content area has the heading "Welcome to the eBudde Help Center". Below this is a paragraph: "For Girl Scouts, eBudde is the engine that drives the business of Girl Scout Cookies. This cookie order management system links troops, service units, councils and Little Brownie Bakers so communications and orders run smoothly." This is followed by another paragraph: "The eBudde Help Center is designed to guide you through the basics and help you overcome any special challenges that may come your way. In the Help Center, you're connected to a world of resources specially designed to help you have a great cookie season." Below the paragraphs is a link: "<<< Click on the arrow to the left of Manuals for great resources from your council". A large image of a smiling girl with curly hair, wearing a Girl Scout uniform, is shown. In the bottom right corner of the image area is the Little Brownie Bakers logo with the website address www.littlebrownie.com.

APPENDIX A – GIFT OF CARING SCREEN SHOTS

There are three different types of Gift of Caring – Council, Troop and FYI. These columns are optional. See your council manual for detail information.

Any columns on the initial order tab will show on the girl order tab. However, there may be columns just on the girl order tab that are not on the initial order tab. The acronyms are council specific. The screen shots below are just an example.

Location and Specifications for the Initial Order Screen -

Council Gift of Caring (C_GOC) – This column will show on the far left column before the Lemon-Ups variety. The cookies in this column are not ordered. However, the quantity for these cookies will be part of the total boxes sold for the girl and will be added to the financial dollars.

Troop Gift of Caring (T_GOC) - This column will show on the right as a column displayed before the Total column. The cookies in this column are not ordered. However, the quantity for these cookies will be part of the total boxes sold for the girl. These cookies will **NOT** be added to the financial dollars. The expectation is that they will be ordered as booth/other on the initial order or at a later date.

FYI Gift of Caring (F_GOC) – This column will show to the far right of the screen after the total column. This is an informational column only. These cookies will **NOT** be part of the total boxes sold by the girl. The expectation is that the actual cookies have been ordered by variety and this is just to inform the council how many of these cookies are Gift of Caring.
